Quantum Body Sculpting

October 13, 14, and 15

The Community Room at the SuperStore

Corner of Green Lane Bypass and Yonge Street, Newmarket

Do you have any unwanted body fat?

On your inner thighs or under the buttocks?

Do varicose veins bother you?

Do flabby underarms or does crepey skin?

Do you have flabby flanks or a bouncing belly?

The Quantum Body Sculpting course addresses all of these irritating details from a holistic and energetic point of view. You will learn to tune into your inner self with the use of meditations in movement to bring your body into balance with all energy systems around us.

The work we do is guided by the heart, intuitive and spiritual.

If you are ready to gain new levels of freedom, this course in body
